

Maintaining the Spirit of WyoGives – Ethical Standards

Wyoming Nonprofit Network (WNN) Administered Matches and Incentive Pools

For matches and incentive pools WNN administers, only **online** donations to qualified organizations will qualify for the match or pool. Online donations are defined as donors who donate on the WyoGives.org platform on July 10, 2024.

If a donor wants their donation to be included in your organization's total for the Hughes Charitable Foundation Incentive Pool, or any other matches or pools WNN administers, they must give **online** through WyoGives.org on July 10, 2024.

Participating organizations are prohibited from taking a donor's offline donation (or any other funds gathered) and turning it into an online donation, even at the direction or suggestion of the donor. For example, using the organization's, staff, or board member's credit card to make the donor's gift made through other means (example: donor gave the organization a check or cash).

Not all WyoGives participation organizations will qualify for WNN administered incentives or matches. For more information, see WyoGives.org/info/matching-partners.

WyoGives Prizes

For WyoGives prizes that are based on donations, only online donations count. Participating organizations are prohibited from taking a donor's offline donation (or any other funds gathered) and turning it into an online donation, even at the direction or suggestion of the donor.

Disqualification

Your organization will be disqualified from WyoGives prizes and WNN administered matches and match pools if it is determined, by the WyoGives organizers, that your organization violated this policy.

Offline Donations

You are encouraged to enter checks or cash you receive that are part of your WyoGives campaign, as an offline donation. You can enter these offline donations into your dashboard through July 31, 2024. This ensures that we have an accurate account of your organization's total for this campaign and the overall total for WyoGives. Do not enter any offline donations that are not part of your WyoGives campaign.

We sincerely appreciate your cooperation in upholding the values of community and shared success that define WyoGives!
